110 Wiring Block

NINGBO SUMMIT TELECOM ALL RIGHTS RESERVED 2011

NINGBO SUMMIT TELECOM ALL RIGHTS RESERVED 2011

Summit Telecom is China leading manufacturer provides 110 Cross Connect Block,Krone Series Module,Erricson Module,STG,Quick Connection Module and so on.

Description:

110-Type Wiring Blocks are designed to support voice and data applications. They are available in 50, 100 or 300 pair density. The 50, 100 and 300 pair blocks are available with stand-off legs for wall mount installation. This feature allows cable to be routed from behind. The 50 and 100 pair wiring blocks are available without stand-off legs for low-profile installations. Completed kits come in 50, 100 and 300 pair block versions and include horizontal identification strips and holders and 4 and 5 pair connectors. We also provide cable management for vertical and horizontal cable control, which is compatible with all 110-type wiring blocks.
