## Fiber Optic Splice Closure

Item Code: STFOSC-P001

## Fiber Optic PLC Splitter Closure FTTx Optical Splicing Closure

### Description:

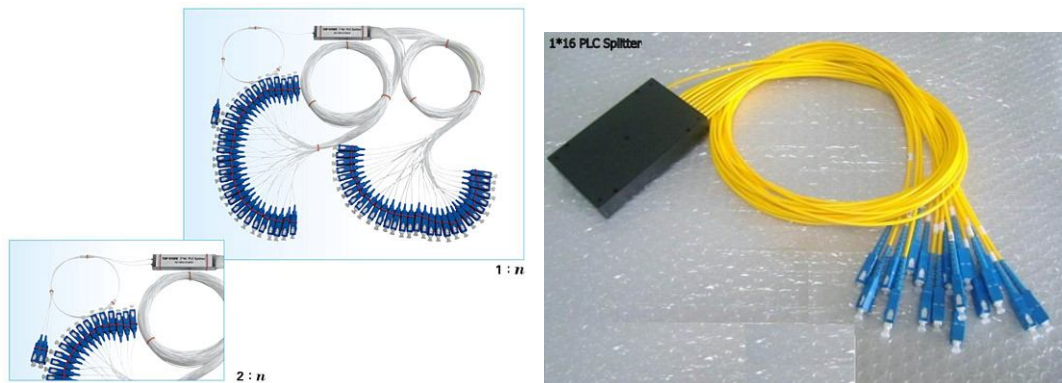

We are China leading manufacturer for Fiber Optic PLC Splitter Closure, FTTx Splicing Closure series to enlarge capacity with low cost.

STFOSC-PLC series Fiber Optic Splitter Closure is newly developed FTTx cable management equipment. It can provide fiber optic splicing and Fiber Patch-Terminations, PLC splitter to enlarge capacity. Installing fiber splitters and pigtails in advance to facilitate the cable connection in the field, which will shorten the construction time and improve work efficiency. Beside it, this series of splicing closures adopt modified

plastic with high strength and corrosion resistance; the longer life time and excellent sealing performance make it especially designed for fiber to the home (FTTH) application,as well as good solutions for old building area fiber Enlarged.(OSP Outside Plant)

**Feature:**

- Material:PC Material, good performance of anti-erosion against acid and alkali salt, anti-aging, as well as reliable mechanical structure to make sure the closure service life
- The elastic rubber seal rings inside the closure are of good sealing and sweat-proof,waterproof performance.
- PLC installed:2 pcs 1: 8 micro PLC optical splitters or 1 pcs 1: 16 micro PLC optical splitters,or 1 pcs 1: 16 Box PLC optical splitters

- Adapters installed: Maximum 18 pcs SC adapters
- Pigtails installed:Maximum 18 PCS SC/PC pigtails with 1.5 meters
- Using STFOSC-D008 or STFOSC-D017 as closure.

- We could design the internal structure as customers' requests.
