Special Fiber Optic Cables

Item Code: STSFC-GDFTA

GDFTA Composite Optical Fiber and Power Cable

NINGBO SUMMIT TELECOM CO.,LTD ALL RIGHTS RESERVED 2012

NINGBO SUMMIT TELECOM CO.,LTD ALL RIGHTS RESERVED 2012

Description

GD(F)TA is an outdoor telecommunication optical cable with metal(non- metal)strength member, loose tube jelly-filled structure, dry core structure, water-blocking aluminium belt vertical cladded and PE outer sheath.

Features

- PE outer sheath has good UV-proof performance.
- Full cross-section water-blocking structure ensures good insulation properties.
- High quality soft copper wires provide power energy in long distance, high quality optical fibers ensure signal transmission, which is the best solution for long distance offices, district offices and base stations without operators, users access application.

Specifications

- Application: short distance telecommunication transmission, power provision for long distance equipments.
- Operating temperature: $-40 \sim +70^{\circ}\text{C}$
- Bend radius: static 10x cable diameter
dynamic 20x cable diameter
