## Outdoor Fiber Optic Cables

Item Code: STOFc-GYDTA

### GYDTA Central Tube Fiber Ribbon Optical Cable

NINGBO SUMMIT TELECOM CO., LTD ALL RIGHTS RESERVED 2012

NINGBO SUMMIT TELECOM CO., LTD ALL RIGHTS RESERVED 2012

### Description

GYDTA is an outdoor communication fiber optic cable of metallic strength member of the loose tube jelly-filled structure, with Al-polyethylene laminated sheath.

### Features

- Full cross-section water-blocking structure to ensure good water blocking and moisture resistance
- Loose tube is filled with special ointment for key protection of fiber
- Phosphated steel central strength member has high modulus and corrosion resistance
- With high density, the fiber is convenient for construction, easy for identification, maintainable, and low in construction cost.
- It has extensive application prospects in access network (especially fiber to curb, fiber to building, etc.), indoor relay, and CATV network.
- Product life is 30 years

### Performance Indicators

- Applications: suitable for long-distance communication and indoor communication
- Way of laying: overhead, pipeline
- Operating temperature:  $-30 \sim +70\text{ }^{\circ}\text{C}$
- Bend radius: static 10x cable diameter  
dynamic 20x cable diameter
