## Fiber Optic Distribution Frame

Item Code: STFU06

12/24/48/36/72 Core Slidable Drawer Design Fiber Optic Distribution Unit

**Description:**

We are China leading manufacturer for Fiber Optic Distribution Unit, Slidable Drawer Design ODF, Fiber Splice Patch Panel and other telecom products

Rack mount enclosure system, 12/24/48/72 core 19" rack mountable distribution unit, designed for 19" standard fiber optic distribution frame/cabinet (STODF01, STODF02, STHDF01). Splice & patch tray installed inside box for fiber splicing and patching, management, distributions, terminations, and storage.

**Features:**

- 19" standard mounting with static electric plastic sprayed, nice appearance;
- Can be used for ribbon & bunch fiber cables;
- Could install SC or FC adapter;
- Flexible adapter panel is used, making the box more universal for different types of adapters and greatly increase the exchangeability;
- Clear fiber route, pigtails could be coiled and stored on the tray;
- Symmetrical side panels, unique design of inlaid structure for fibers, which makes the inlet of fibers more flexible and convenient;
- Steel core fixed device could be provided according to users' requirement
- 1 U, 2U slidable drawer design with splice tray, patch panel and fiber management. Pull out the drawer when operating, easy and convenient for

operation.

- Splice and distribution modules are inserted inside
- Each module has reliable position guiding devices
- Fiber bend radius control - > 40mm
- Scientific design and cheap cost
- Capacity:12~72 core.

**Order Information:**

12 core--STFU06-12C

24 core--STFU06-24C

48 core--STFU06-48C

72 core--STFU06-72C
